Subject: Your Electric Annual Report and Regulatory Fees are Due May 1

State law requires you to file an annual report and pay regulatory fees to the Washington Utilities and Transportation Commission (UTC).

What is required of me?

By May 1, you must:

- Complete and file the enclosed 2005 UTC annual report form, supplemental pages and FERC Form 1 (Provide an electronic version and an original and two copies of the FERC Form 1)
- Pay your 2006 regulatory fees

What if my company has multi-state operations?

Submit a supplemental report, prepared on a jurisdictional basis for your utility operations in the state of Washington.

Failure to file your annual report or pay regulatory fees by May 1 will result in a penalty. This is the only notice you will receive from the commission.

What happens if I do not pay my regulatory fees by May 1?

If regulatory fees are not paid by May 1, you will incur:

- a 2 percent penalty on the amount due; and
- a 1 percent monthly interest charge on the unpaid balance.

Can I request an extension of time if I am unable to file the annual report by May 1?

Yes, you must provide the request in writing, including a valid reason for the extension by May 1. We will notify you when your request is approved or denied. You will still be liable for penalty and interest payments if you fail to pay your regulatory fees by May 1. If you are late filing your annual report or fail to file, you could incur additional penalties up to \$100 a day.

^{**} Note: Gross Washington intrastate operating revenue is defined as all revenue collected for the year from rates under tariffs, and contracts on file at the Washington Utilities and Transportation Commission. The revenues subject to the Commission's regulatory fees are gross Washington intrastate operating revenues before deductions for uncollectibles, unbillables or the payment of state and federal taxes, i.e. "Gross Revenues" means before any deductions from Revenue Receipts. Indicate the FERC Form 1 page this information came from.
